

Woodlands Cup

Year 5 recently represented Garswood in the annual Woodlands Cup tournament. All those who took part worked extremely hard and Garswood School was delighted with their efforts. Despite narrowly being beaten in their league, the children enjoyed every game and were disappointed not to reach the semi-finals.

Cameron, Kyle, Jake, Tyler, Emily, Lexie and Olivia all played their part and can't wait to get out on the pitch again.

The team did fantastically well. They played against other teams

including Rainford and Rectory, but sadly didn't win, however they did a great job and said they loved it. Kyle said "it was difficult" but at least they tried. They gave it their best shot and Emily and Tyler said "it was fun but hard work". They said that next time they go they're going to give all their effort and try to turn the narrow defeats into victories. They gave amazing effort and they couldn't have been better.

Let's hope this is just the start and that the team will go from strength to strength.
